You will have the opportunity to attend the **first ever** Soviet National Peace Child Conference. Meet with Soviet Alumni and PC / USSR staff to discuss Peace Child in the 1990's. The conference will also include discussion groups and performance workshops. Soviet representatives from the scheduled 1990 programs will be present to meet with American representatives.

Visits to Red Square, the Kremlin, and an evening of theater or ballet are only a few of the other Moscow highlights.

Then it's off to Kiev for a glimpse into history. Kiev is the historical, economic and cultural capital of the Ukraine. It is situated on seven hills straddling the Dnieper River and is over 1000 years old.

The final destination is Leningrad, the former capital of the Russian empire. Visits to the Hermitage, St. Isaacs Cathedral and the Czars summer palace will be among the highlights.
